

AN AMERICAN REVOLUTION

2008 SUBURBAN. EVERY BIG FAMILY WILL WANT ONE.

Suburban fills your big needs with the best combination of standard horsepower and capacity in its class,^{1,2} more seating options than any competitor¹ and the available Z71 Off-Road Package. ■ 2007 half-ton models earned the highest possible rating in a recent government frontal-impact crash test – five stars³ ■ Head-curtain side air bags⁴ for all three rows are standard. ■ Suburban has GM-exclusive Active Fuel Management™ technology in its half-ton Vortec V8 engines¹ – which smoothly shifts the engine from eight cylinders to four and back again. ■ In addition, three-quarter-ton models provide unsurpassed maximum trailering capacity!¹ ■ And every 2008 Suburban features the best coverage in America with the Chevy 100,000 mile/5-year transferable Powertrain Limited Warranty, plus 24/7 Roadside Assistance and Courtesy Transportation⁵

Shown below: Suburban half-ton LTZ 4x4 in Dark Blue Metallic with the available Chrome Appearance Package. 1 Based on 2007 GM Large Utility segment and latest available competitive information. Excludes other GM vehicles. 2 Based on standard horsepower, cargo and passenger capacities. 3 Five-star rating is for both the driver and front passenger seating positions in the frontal crash test. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). 4 Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See the Owner's Manual and child safety seat instructions for more safety information. 5 Whichever comes first. See dealer for details.
